Can you help to build the UK's first
**CANCER SUPPORT, AWARENESS
& EDUCATION CENTRE**
right here in the North East by becoming
a member of the
FACT High 5 Club?

To whom it may concern.

I was wondering if you and/or your organisation would be able to help with a project I am currently supporting.

Following Joanne Smith's diagnosis of breast cancer in 2005, she set up FACT (Fighting All Cancers Together) to help people and their families in the North East, affected by cancer. Since then, FACT has grown from strength to strength and now offers over 8,000 support sessions a year.

By 2020, almost 1 in 2 people in the North East will be diagnosed with cancer. Thankfully, new and improved treatment and care means many people are surviving and living longer following a diagnosis. However, this means that more people need support services, and need them to help them live with and beyond cancer. Support needs to catch up with medical advances!

FACT has big plans to make sure that the people of the North East have all the support they need to cope with a diagnosis of cancer, and this is where I would like to respectfully ask that you consider supporting our exciting plans and become a member of our exclusive 'High 5 Club'....here is one way you can help, but if you have any other ideas about how you would like to be involved, please let me know.

Would your organisation like to join FACT's 'High 5 Club' and see your name and/or logo on the founder's wall of the UK's First Cancer Support, Awareness & Education Centre? This multi-million pound, state of the art facility will benefit thousands of people every year. FACT is looking for people, organisations, schools, etc. to each raise £5,000 or more over 12 months. By becoming a member, you not only become part of this unique project you also receive a range of additional benefits.

So, what will your challenge be? Run, walk, swim, cycle, party, bake, sing, or sky dive? Perhaps you would like to take part in our annual wig walk or dog walk or sell raffle tickets or domino cards for our FACT events? Whatever you choose to do, FACT will be right by your side, helping you all the way.

Let the challenge begin!

Can you help FACT open the UK's first CANCER SUPPORT, AWARENESS & EDUCATION CENTRE on the site of the former Dunston Hill School?

Fighting All Cancers...Together!
